

Exceptional Student Services

Education Career Fairs 2024–2025

The 2024–2025 Spring Education Career Fair Calendar is a list of many education career fairs throughout the nation. This list was developed by the Arizona Department of Education's Exceptional Student Services Recruitment and Retention team. The list aims to provide extensive opportunities for districts to hire and retain outstanding educators from out of state. The career fairs are listed alphabetically by state. Under each organization or institution, you will find the job fair date, time, location, website, and event description whenever available.

Event details may change, so we encourage participants to contact the institution for current information. All event times are listed in the time zone for that institution.
